

ST. PETERSBURG
ANGLISKI PROSPEKT, 26.

19/1.1913

Dear Kathleen,

I am always waiting for an answer from Nedra at Vienna; it will come later I suppose. Sorry you had to lose a Concert but I am glad that you have recovered your health which is more important. - I am quite of your opinion to play in Berlin and Vienna before leaving for America. - You must not be forgotten in Germany which is an excellent country for engagements and Wolff is still No. 1 of the Agents.

The following is interesting to
learn that it is intended to form
an organization as a business
the American Convention with
always to have one - for the
the Convention and the President
to be first of the day to make
the the first of the day to make
the day about the Convention
I looked for a very long
Convention. There is only the
Elgar (a fine but very long work)
and a Convention of the Convention of
from the first time
but in a long
and at the same time
up the day of the Convention

ST. PETERSBURG
ANGLISKI PROSPEKT, 26.

I like it and shall play it on
my next little tripp. - I had a
letter from Miss Tynne - always
very evergicab. -

This week we have three violinists
playing here: Marteau, Mauer
and Kubelik!

Do write if you have some
other plans and, in any case, send
me some criticisms about your
playing in Leeds. -

Best wishes for 1913 and hearty
Kisses from your oldest friend
L. Beer

Best greetings to mother. 
My Chapin arrangements are not yet
ready for printing.
